Yes that is what my understanding about it is. I do not believe that you will need to change any of your time cards except for the possibility of December 2013.

Brian,

We will update when requested. Would we be changing TR2 to T?

Good morning

I just wanted to give everyone a heads up that the special account funds for the remedial work at Falcon Refinery are almost depleted. We are in the process of allocating most/all of the remaining funds to the RI contract and will only have a limited amount of funds available for travel and salary. The Falcon site has TR2 and TR2B accounts, currently the TR2 account has been depleted and has a negative balance and it may be necessary for some of us to go back and amend your People Plus.

Thanks
